

AN APPEAL TO HEAVEN

Declaration of Independence

I, the Signatory - autographer, enact our Creator's given unalienable duty to intact my Declaration of Independence from any and all instruments between City- State(s), USPS, Empire(s), Democracy, Israeli Zionists, Vatican, other Nations, and/or any variations thereof; as I was never made aware of the aforementioned entities having been constructed and set in place by any body to rule and/or regulate me or my posterity. I hereby state from this moment forward that I do hold myself accountable for my own actions. I take my independence to my grave knowing this declaration can not be eradicated, changed and/or ended, for it is perpetual
