## Declaration of Independence

Retroactive To January 06, 2021

*We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, liberty, the pursuit of Happiness, and ownership of Private Property.*

### **Preamble to the Declaration of Independence**

This Declaration of Independence states the principles on which our government, and our identity as Americans, are based begging in the image of God as a collective of people in public Social Compact as the people,

“We The People of this Union hereby rebuke tyranny and oppression.”

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the

causes which impel them to the separation. We, do hereby sever all political ties and remove all power of attorney from the following officers of The General Post Master Council, General Post Office, American National Union, National Assembly for the Government of The United States of America , the Great Jury, Postmaster General Keith Edward Livingway

1. Denial of due process.
2. Bearing False Witness to maintain authority by transgressing upon rights of persons and people within The United States of America.
3. Disenfranchisement by and through, Political and Religious Persecution.
4. Private contractual union of person(s) coercion claiming authority over public compact Union(s) of a people.
5. Officers of private contract, invade the rights of people in public social compact by calling together private contractual legislative bodies at places unusual, uncomfortable, and distant from the depository of public Records, for the sole purpose of fatiguing them into compliance with their measures. They have combined with others to subject us to a private contractual jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation:

Governments are instituted among Men, deriving their just powers from the consent of the governed, it is the Right of the People to institute a new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to promote their Safety and Happiness.

Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by breaking political ties to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. We The people as this Union of the People in social compact hereby, declare our political ties are broken with the Government of The United States of America, and establish new government(s) under authority of the following social compact of many signatories, <https://form.jotform.com/211437837057055>
