

# Affidavit

STATEMENT OF TRUE FACTS FROM  
Sean Will Gary Beller, trustee  
IN MY PERSONAL CAPACITY

The General Post Office authority and assemblies under it, deny public due process of law in the following matters, for the following reasons; the General Post Office authority is controlled by the Post Master General private contract "monopoly". The following assemblies are rendered incapable of having or being a neutral arbiter concerning anyone who holds a person capacity as a General Post Office Resident Declarant, American National, or General Post Master, due to the aforementioned private contract between post officers and General Post Master.

The General Post Office is usurped as a monopoly, eluding public due process of law. The ANU, HRTI, GPMC, and GREAT JURY are rendered incapable of being a neutral arbiter, due to being coerced by Post Master General executing post officers private contract, to exile his opposition, executed by Post Master General motion to exile, once aforementioned motion is made, General postmasters are bound to carry out the Post Master General motion to exile, if not, the opposing General Post Master faces threat of termination and possible "exile".

If the General Post Officers are opposed by a General Post Office Resident Declarant, or American National, the Post Master General or General Post Master(s) deny the opposition a voice of any authority in the following, "National Assembly" aka "General Post Office", "private contract", action, thereby denying public due process of law.

I witnessed current office holders in the National assembly aka General Post Office, commit treason by Rebellion or insurrection-Seditious conspiracy-Advocating overthrow of ANU by denial of public due process of law, using the aforementioned pattern of conduct and behavior, engaging in "usurpation of authority" executed by Post Master General, claiming ANU in trust to remove and or coerce resignation of ANU elected officers thereby replacing them with appointed officers who would carry out orders of the Post Master General.

I witnessed current office holders in the National Assembly overthrow the several States of the Union due to the aforementioned pattern of conduct and behavior, "usurpation of authority", treason by Rebellion or insurrection-Seditious conspiracy-Advocating overthrow of Government, executed by Post Master General, claiming the several States of the Union in trust.

Affiant Signature/autograph, affiant statement is

under penalty of bearing false witness dated 04/20/21

Witness 1 of affiant signature

Witness 2 of affiant signature

Witness 3 of affiant signature
